

GOLF FOR GROUPS

The golf staff at Saddlebrook is dedicated to making your corporate outing a success..

Whether your group consists of 20 or 200 players, the professional staff is proficient at coordinating and conducting all aspects of tournament golf.

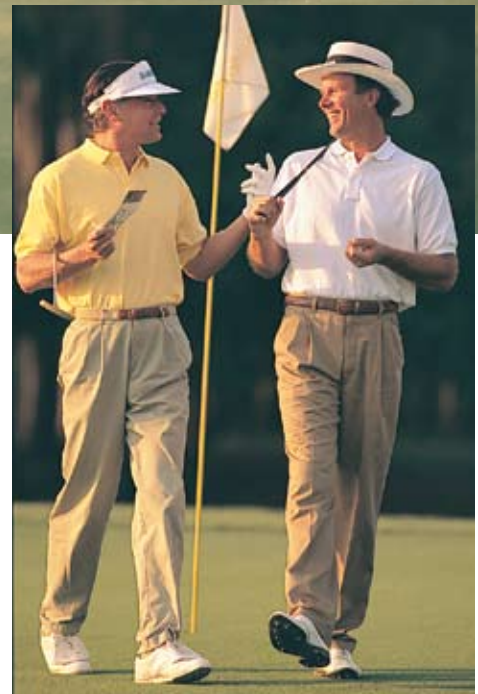

In addition, as Saddlebrook is the World Headquarters of the Arnold Palmer Golf Academy, we have some unique group offerings not available elsewhere. As more and more decisions are made and deals are closed on golf courses, we have created a “Corporate Menu” of activities for your group to enjoy.

Shotgun Tournament

A shotgun is when everyone in your group starts at the same time on different holes of the golf course. The maximum number of players allowed in a shotgun is 144 which is two foursomes on all 18 holes. To reserve either golf course for a shotgun start, a minimum of 72 participants must be guaranteed.

Tee Time Tournament

Tee times start at 8 am on both courses and are scheduled at 7 and 8 minute intervals. The Palmer course as a #1 tee start and runs continuously throughout the day. The Saddlebrook course has a #1 and a #10 tee start from 8 am until 10 am and from 12:30 pm until 2:30 pm. We recommend that groups larger than 40 schedule the Saddlebrook course which allows more people to start on the golf course during our peak times.

Golf 101

Our goal is to welcome all new players and break down the barrier of intimidation often found when entering into the world of golf. This is a 90-minute clinic and coaching session with an 8 participant to one golf professional ratio. Participants experience a fundamental overview of Arnold Palmer's teaching philosophy...including demonstrations followed by instruction. Academy sessions take place at the Saddlebrook Golf Learning Center.

The Next Level

This 90-minute session introduces Arnold Palmer's fundamentals, and then your group will implement these fundamentals through drills and exercises. The session is for the intermediate golfer.

Swing Solutions Computer Analysis

Let our Arnold Palmer Golf Instructors analyze your participant's golf swing at your reception with our state-of-the-art computerized video analysis system. This program lets the student see their swing and receive professional advice for improvement.

Talk Golf With Rolf!

Rolf Deming, Head Teaching Professional and former PGA Tour and PGA Senior Tour player, is available for a 60-minute seminar to compliment your golf event, breaks or

receptions. Rolf conducts fun, energizing and educational seminars on various golf topics including using golf as a tool in business, shot management, or course strategy for your tournament.

Custom Programs

Our resort golf staff and the teaching professionals at the Arnold Palmer Golf Academy offer several customized programs, depending on your group's level of play or interest in the game. Let our Group Activities staff arrange a meeting to discuss available options.
